## METROPOLITAN MUSEUM OF ART OFFERS INTERPRETED TOURS

If you are planning a trip to the "Big Apple" this summer these interpreted tours may be of interest to you. A sign language interpreter from the New York Society for the Deaf will translate special interest tours in the Metropolitan Museum of Art, Fifth Avenue at 82nd Street, New York. For more information about this program contact Ms. Sandra Seidler at the Museum, 212-879-5500, ext. 672, or the N.Y. ## GCAA REUNION PLANNED

The dates for the 1979 Gallaudet College Alumni Association Reunion have been set for June 10 - 16, 1979. Details on the program will be announced in a later issue.

## ENERGY CONSERVATION TIPS FROM JIM HULL

"Don't fill your automobile gas tank beyond the point where the pump nozzle automatically stops the flow. Overflow is a waste of gasoline. Also, in warmer weather, some space should be left in the tank for expansion."

"Don't let the engine of your car idle longer than a minute. It takes less gas to restart the car than it does to let the engine idle."

## INTERPRETED CHURCH SERVICES

The Metropolitan Baptist Church at 1225 R Street, N.W. will begin having its 11:00 o'clock church services interpreted for the deaf on May 7th. All persons are invited to attend! There will be special seating for the deaf in the front on the left aisle.

## CALLING ALL BOSSES...

Problems? The Washington School for Secretaries will be conducting three 2 hour sessions on EFFECTIVE DICTATION here on campus on May 23, 25 and 26. For details, contact Consuelo Misa, ext. 581.

## UTILITIES RELOCATION TO BEGIN

We expect the first part of the utilities relocation for the learning center to begin on Monday, May 8 with excavation taking place along the front of HMB. As a result, the sidewalk in front of HMB as well as the front entrance to that building will be closed. This part of the utilities relocation is scheduled to take approximately two and one-half weeks.

Limited work will also begin on the section of roadway in the vicinity of the Mary Thornberry Building and Washburn Arts Building on the same day. Asphalt will be cut in that section of the road. This should only take two to three days and the road will remain open to traffic during this time, however, parking in this area will not be permitted while the asphalt is being cut.

We are sorry for any inconveniences this activity may cause you. If you have any questions please call the Planning Office, ext. 533.

ON THE GREEN is published each week by the Office of Alumni and Public Relations for the faculty and staff of Gallaudet College.
